

# Directory of TimeBanks

**Directory of TimeBanks** and **MAP of the TimeBanks in the Directory** (see the sections below for: Search, Maps and Lists)

While each TimeBank is an affiliate of TimeBanks USA, they are also independently run with their own participation and membership procedures.

A few TimeBanks have thousands of members, most have several hundreds and some are very cozy with even fewer members. There are some that are very active, others are just new start-ups, or less active. You will see that each TimeBank has its own unique character because they reflect the community of members that make up that TimeBank.

Please click on the TimeBank's name to see more details:

- If its **Members** are few, it is a new TimeBank and is looking for new members.
- If its **Last Exchange** shows "none," it has no exchanges yet. Join and help start the TimeBank.
- If its **Last Exchange** was a long time ago, new members can help to re-activate it.
- The total number of **Exchanges** and **Hours exchanged** will give an indication of its longer term activity.

**The directory shows the timebank with the most recently recorded exchange at the top of this list.**
